**TO WHO SO EVER IT MAY CONCERN**

**Subject: Recognition of Dr. Krishna Nand Mishra for Outstanding Contribution to Virtual Labs**

Dear Dr Krishna,

It gives me immense pleasure to extend my sincere appreciation for your remarkable efforts and dedication as the Nodal Centre Coordinator of Ambalika Institute of Management & Technology, Lucknow. Your outstanding work in promoting and implementing Virtual Labs has made a significant impact on the academic community and has greatly enriched the learning experience of students.

Your vision, leadership, and commitment to excellence have not only enhanced the accessibility of quality education but also empowered students to explore, experiment, and innovate beyond the boundaries of traditional classrooms. The seamless integration of Virtual Labs under your guidance has set a benchmark for others to follow and has contributed immensely to the advancement of technical education.

We deeply value your tireless efforts, innovative approach, and unwavering dedication to nurturing a culture of experiential learning. Your contribution has been instrumental in bridging the gap between theoretical knowledge and practical application, thereby preparing students to meet the challenges of the future with confidence and competence.

On behalf of all beneficiaries of your work, I extend heartfelt gratitude and look forward to witnessing many more milestones under your leadership.  
Thank you again for your exceptional work.

Best regards

Prof. Kantesh Balani  
PI, Virtual Laboratory at IIT Kanpur
